HONOLULU WAS SLOW

H. E. Cooper and A. L. C. Atkinson called on Admiral Dayton this morning in reference to the cruisers being able to stay for Regatta Day. The Admiral was very sorry that this request had not been made before as the squadron would have been able to stay, but as it is now the Admiral has called Washington to the effect that the vessels had coaled, and would leave here on the 19th.

"The Admiral stated that it would mean more coal, and he was very sorry that this matter had not been mentioned before, as he would have stayed over, but now it is out of the question altogether.

"I am very sorry," he stated, "but I am unable to change the orders now. I would like to see the boys race, and they no doubt would have been able to make it a very interesting day for the people of the town but orders are orders."

A meeting of the Hawaiian Rowing Association has been called for 5:15 this afternoon in A. L. C. Atkinson's office, to decide on the programme for Regatta day.

LUNAS FIRED

Chairman Hustace of the Board of Supervisors and Col. Sam Johnson of the Road Department had conference yesterday and today, and the result was that four lunas of the Road department are out of a job. Hustace when asked today the reason for this action replied that the county was in need of money to carry on work, and he did not see any reason for having so many lunas.

"We have too much work to do now without paying \$3 a day extra for lunas when the work can go on without them," said Hustace.

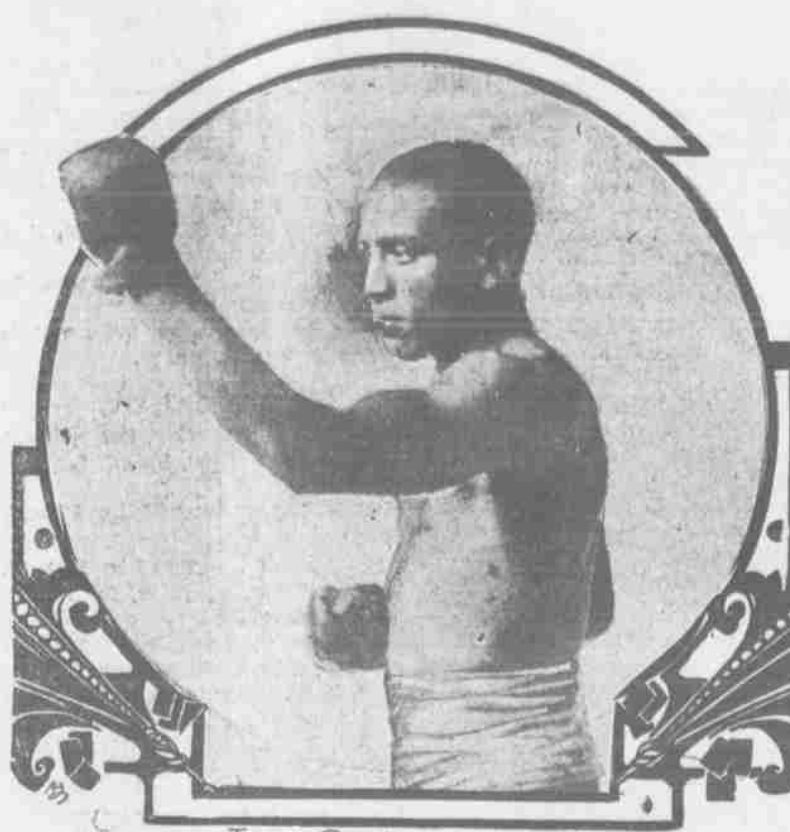

There is some feeling in the Board against Johnson and his giving these men the high sign to get out may cost him his job, but as it was done by the orders of his chief, Chairman Hustace, perhaps Johnson need not worry.

AFTER TRUANTS

Superintendent of Public Instruction Babbitt writes Sheriff Lauka to remind him that the Legislature knocked out truancy officers and that the matter of truancy is now in the hands of the Deputy Sheriff, W. P. Jarett, and whomever he may assign. Babbitt has prepared books to be kept by the school principals in which the names of truants will be kept, thus assisting the police. Sheriff Lauka suggests that the absence of special truancy officers and the smallness of the police force might inspire parents to use special efforts to prevent children from staying away from school.

HAWAII FIRM LOWEST BIDDER

CAPTAIN OTWELL OPENS THE BIDS FOR A VERY LARGE FEDERAL CONTRACT—HAWAIIAN DREDGING COMPANY FAR BELOW OTHER COMPETITORS FOR THE JOB OF DEEPENING THE HARBOR OF HONOLULU.

The bids for the dredging of Honolulu harbor were opened today at the office of Capt. Otwell United States Engineer.

There were only four bids received—Hawaiian Dredging Co., .97 per cubic yard, North American Dredging Company \$1.27, San Francisco Bridge Co. \$1.18 and Cotton Brothers \$1.44.

Congress at its last session appropriated \$200,000 for this work and in addition authorized a contract for \$200,000 more. A balance of \$35,000 was left over from the work done in 1905, making a total of \$435,000 to be expended on the work of dredging Honolulu harbor. There are in the neighborhood of 400,000 yards to be removed and the work must be started inside of four months.

Following is an idea of what the contractors must do to obtain the contract, and the amount of the work that will be required and what must be done:

Each guarantor will justify in the sum of Twenty-five thousand (\$25,000) dollars.

The bidder to whom award is made will be required to enter into written contract with the United States, with good and approved security, in an amount of One thousand and twenty-five thousand (\$125,000) dollars within ten (10) days after being notified of the acceptance of his proposal.

The contractor will be required to commence work under the contract within sixty (60) days after the date of notification of approval of the contract.

May Be A.M. Brown

A. M. Brown, will, it is said, probably succeed Frank Andrade as prosecuting attorney in the police court. The appointment has not been made yet, but it is being considered, and report has it that it is likely to be made tomorrow. When asked about it this afternoon, Brown simply replied that no such arrangement had been made. Brown has had long experience as a prosecutor in the police court and in taking up such work would be resuming some of his old work. County Attorney Cathcart is anxious to have him appear for the County before Judge Andrade.
